Mahatma Gandhi Government School - Toorwara

Tucked away in Toorwara, a remote village near Abhaneri in Rajasthan's Dausa district, Mahatma Gandhi Government School stands as a beacon of hope for nearly 100 unprivileged children who study there free of cost. Though studying free of cost, their hope struggled with inadequacies and harsh realities.

Learning here meant sitting on the floor, sweating through the Rajasthan's harsh heat as the school did not have any desks, blackboards, fans and even clean/cold drinking water. Struggling for the most basic tools of education, these students did not leave their hope and attended school every day with strong determination.

When Principal Mr. Man Singh Gujjar reached out to us through TrueGiv platform, we saw not just a request but a powerful commitment to every child's right to learn with dignity.

After a thorough due diligence process, TrueGiv stepped in, providing fans to beat the oppressive heat, desks and chairs to bring comfort and order, blackboards to facilitate better teaching, and a water cooler to ensure safe hydration in soaring temperatures and upgraded their sports facilities by providing them cricket kits, volleyballs and other accessories.

These aren't just resources, they are instruments of transformation. Today, students walk into classrooms with happy faces as they can sit tall, learn with clarity, and spend a comfortable day in the school. And teachers can finally teach in an environment that honours their work.

This is what TrueGiv stands for; making education accessible, equitable, and empowering for every child, no matter how far or forgotten their school may be.

School Name :	Mahatma Gandhi Government School	Registration-Certificate
Address :		<u>Details</u>
Principal :	Man Singh Gujjar	<u>No. of Children : 100</u>
